ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.*

(54) Title: PROCESS FOR PRODUCING AN EPOXIDIZED ELASTOMERIC POLYMER

(57) Abstract: Process for producing an epoxidized elastomeric polymer comprising: feeding at least one elastomeric polymer con-
taining ethylenic unsaturations to a mixing device; feeding at least one hydrogen peroxide precursor to said mixing device; feeding
at least one carboxylic acid or a derivative thereof to said mixing device; mixing and reacting, in the presence of water, said at least
one elastomeric polymer containing ethylenic unsaturations, with said at least one hydrogen peroxide precursor and said at least one
carboxylic acid or a derivative thereof, to obtain an epoxidized elastomeric polymer; discharging the resulting epoxidized elastomeric
polymer from said mixing device.
